Personal Relations

Opening: zaterdag 25 februari 17:00

An international touring miniature-portrait exhibition, curated by hARTslane (Cristiana Bottigella & Tisna Westerhof, London). Participating Artist Associations: The London Group - London, UK/Pulchri Studio - The Hague, The Netherlands/This is Not Art - Vicenza, Italy

THE PROJECT: In a time of global political anxiety, where national identities and borders are reinforced in the name of security and guarantees, Personal Relations intends to create unexpected and appealing international cultural bridges and to foster a sense of unity and collaboration alongside artistic excellence and innovation. The project aims to achieve this by curating the production of a collection of new works the size of a mobile phone created by artist members of different international artists' associations. This is an international touring exhibition where the large collection of miniature-portraits will attain something far greater than the sum of its parts. The project is not intended as an exchange but as a unique body that grows thanks to the contributions of each artist and organisation collectively. As the miniature portraits were originally made and often given as a political gift to a king or ambassador, the project also aims to strengthen international bonds on an artistic level.

The exhibition will be opened on Saturday the 25th of February at 5pm, by Marieta Reijerkerk, Chairman of the Exhibition Committee.
